

SPECIAL

50/50 PREMIXED COOLANT

Nitrited Organic Acid Technology (NOAT)

Formulated with the latest organic acid technology. Ready to use no SCA required upon initial fill. Its special blend of long-lasting inhibitors is designed to protect all engine components, including aluminum. Recommended for use where extended service interval is required including but is not limited to, Caterpillar EC-1, Cummins, Detroit Diesel, Ford, GM, Freightliner, International Truck and Engine, Kenworth, Peterbilt, Volvo Mack, Freightliner, Navistar and Western Star. Compatible with Texaco® and Caterpillar® extended life and other “strawberry-red” NAOT coolants and as well Dex-cool®, Havoline® XLC extended life and other “orange” coolants.

Fully Formulated Heavy Duty Antifreeze/Coolant
