

VEVOR BOTTLE JACK BLOWOUT

#NOS84701607

STABLE LIFTING

Handles up to 20 tons. Great for box trucks, RVs, pickups, and SUVs. Ideal for tire changes, quick inspections, lifting farm equipment and construction machinery.

WIDE LIFTING RANGE

From low to high, this high lift bottle jack's got the range. It lifts from 8.9in up to 17.1in, with a 2.4in screw for fine-tuning the height.

EFFORTLESS OPERATION

No need to strain - use the 2-piece handle and sliding pump to lift your load. Turn the valve slowly counterclockwise for safe descent. Always use jack stands to hold the weight after lifting.

SAFE & LEAK-FREE

Made from durable materials with a solid saddle that stays steady. Built-in valve helps avoid overloads, and the welded body with rubber-sealed oil port means no messy leaks over time.

COMPACT & PORTABLE

Compact and lightweight, this heavy duty jack fits easily in your trunk or garage.

\$54.95
