

VPP WIPER BLADES

- *All natural squeegee rubber*
- *Graphite coating on the surface*
- *High quality steel frame enhanced durability*
- *Multiple pressure points enable even distribution to help deliver a smooth and clean wipe*

VISION PREMIUM PARTS PERFORMANCE WIPER BLADES

Our ultimate smart flex design offers great bounce and constant pressure throughout the length of the blade which surpasses conventional superior wiping performance.

// CLEANER

Asymmetric deflector provides better downward pressure, wiper blade is close to the glass to wipe cleaner.

// QUIETER

Natural runner and special coating design make a very clear and quiet wipe.

// LONGER LIFE

Integrated molding adhesive strip and innovative coating protect the wiper from environmental erosion and make it more durable.

// 96% COVERAGE

Developed by OE to ensure dimensional consistency and accurate fitment.

Sizes available: 18"/20"/22"/24"
